Notification dated 11th May 1959.

No. U.E.D. 463—59-60. Sealed tenders for running the Tiffin Rooms at First Grade College, Shimoga, will be received in the Office of the Executive Engineer, University Engineering Division, Mysore till 4 P.M. on Wednesday the 15th July 1959.

1 The building known as the Tiffin Rooms of First Grade College, Shimoga, will be given by the University on lease for a period of two years from the date of contract.

2 The tenderer should use their own furniture and utensils in the building and when the contract ceases they should hand over the building to the University in good order.

3 Any damage caused to the building while in the charge of the caterer should be made good by him.

4 The building is fitted with the necessary electric lights and water supply arrangements. Repairs to these should be effected by the caterer at his own expenses. The light and water charges and the taxes imposed by the Municipality should be borne by him.

5 No structural alterations should be effected in the Tiffin Room.

6 The catering should be of a high order and the materials used in the preparations should be wholesome. The rates at which they are to be sold should be got approved by the Principal, First Grade College, Shimoga from time to time.

7 The building shall be used for selling the articles of lunch only and should not be used for dwelling purposes. The sale of Cigarettes, Beedi, Pawnsupari, Fruits or any other articles except prepared and cooked eatables is prohibited. The sale of beedas is however permissible only to those who take lunch. The visitors will be treated with respects and no room shall be given for complaints.

8 The tiffin rooms should be run on sanitary basis and will be subject to supervision of the Principal, First Grade College, Shimoga, the Health Department and the Engineering Division, University of Mysore.

9 Each tenderer should specify in words and figures the amount that he is prepared to pay to the University annually during the period of contract for the right of running the Tiffin Rooms.

10 Acceptance of the tender rests with the University, who do not bind themselves to accept the highest or any tender or to give any reason whatsoever for the rejection of any tender.

11 Each tender should be accompanied by the Treasury chellan for Rs. 100 as earnest deposit paid to the treasury to the credit of the "Mysore University Funds" in favour of the Executive Engineer, University Engineering Division, Mysore. The deposit of the successful tenderer will be returned after the expiry of the lease period.

12 The successful tenderer, on intimation will be required to execute within a week an agreement in the form prescribed specifing the terms of the contract. He should pay the contract amount for one year in advance before he can be allowed possession of the premises. In default of payment or in default of his executing the bond within the stipulated time his deposit amount will be forfeited.

13 Rent for successive years will be recovered in Advance at the commencement of each year. In default, the same is recoverable under rules applicable for recovery of arrears of Land Revenue under Revenue Rules of Government.

14 The catering arrangements should be started immediately after the execution of the bond and the restaurant should be run to the satisfaction of the University.

15 The right of using the Tiffin Rooms shall not be transferred to without previous permission of the University.

16 After the expiry of the contract period, the contractor shall quit the premises without notice. Three months' notice is required on either side, if the contract is to be terminated during the contract period.

17 In no case should the tenderer claim any remission of payment for the period of his contract.

422

Notification dated 18th May 1959.

No. UED 553 -59-60. Sealed tenders in duplicate duly signed by the contractor will be received by the Executive Engineer, University Engineering Division, Mysore up to 4 P.M. on 18th June 1959, for the following work :—

Name of the work	Amount of estimate	E.M.D.	Date of completion
	Rs.	Rs.	
Providing Water Supply and Sanitary fittings to the Intermediate College, Kolar.	16,800	840	Work to be completed within three months from the date of communication of acceptance of tender.

1 Sealed tenders should be submitted in printed form in duplicate which can be obtained from the Executive Engineer, University Engineering Division, Mysore, on payment of ONE RUPEE per copy. Rate should be noted against each item both in words and figures and should hold good for six months from the date of tender for purposes of acceptance

2 The rates once accepted will not be enhanced under any circumstances and should hold good till the completion of the work irrespective of fluctuation in the materials, rates and period.

3 Each tender must be accompanied by a deposit specified above as earnest money. The earnest money may be remitted to the Bank of Mysore, Ltd., Mysore, or any Government Treasury to the credit of the Mysore University Funds and the challan attached to the tender. It may also be in promissory notes of the Government o

6—D

Mysore or Government of India at their face or market value whichever is less or in Savings Bank Deposits in Mysore Government Treasury, the Pass Books being pledged in favour of the Executive Engineer, University Engineering Division, Mysore. No cheques will be accepted for earnest money or no request for adjustment of amount due by the University can be entertained.

4 Work may be distributed to different contractors at approved or agreed rates for speedy execution at the discretion of the Executive Engineer.

5 The final acceptance of tender or tenders, in full or part in any manner, will vest with the accepting authority who reserves the right to accept or reject the lowest or any other tender without assigning any reason whatsoever.

6 Within eight days from the date of acceptance of tender, the tenderer should execute the usual contract bond at the Office of the Executive Engineer, University Engineering Division, Mysore, failing which his tender will be cancelled and earnest money deposit will be forfeited to the University.

7 Work should be completed within the stipulated time from the date of the work order as noted above.

8 Materials like cement and steel will be supplied at the Divisional Stores at the rates prevailing at the time of tender, if the stocks are available at the time of requirement.

9 On all matters of dispute, the decision of the University is final and legally binding.

10 Quantities are all approximate and not guaranteed.

11 For non-tendered item, the rates will be paid as per current minimum schedule in force at the time of execution of work in the case of scheduled item, *i.e.*, the schedule rate of P.W.D. and data rates for items which do not find place in schedule.

12 No conditional clauses will be accepted.

13 The contractor should furnish income-tax, sales-tax clearance certificates, along with the tender as per rules.

14 The contractor shall complete the work on or before the date mentioned in the agreement and if he fails he shall make good the damages.

15 The contractor has to pay compensation to the disabled workmen and deceased during execution of work. Otherwise, the amount will be deducted out of the bill and paid to the workmen or to the legal heirs of the deceased.

16 Instructions issued should be got noted in the order book by the compstent officers.

17 The work should not be sublet to others.

18 If any defective work is found executed and any work not approved by the department is found executed the contract will be terminated immediately and cost of rectification of the same will be recovered from the contractor.

19 Masonry, R.C.C. work and other items of work should be as per specification of P.W.D. Hand-book (Bombay). Rates should include plugs, hooks or strap required in R.C.C. for ceiling fans, lights, etc. Contractors who tender should specify special tools and plant available with them for use, lorries, mixers, vibrators, etc., complete.

20 The department will not be responsible for delay caused to the execution of the works on account of non-supply of materials in time due to circumstances beyond their control.

21 The submission of tender by a contractor implies that he has read this notice and the conditions of the contract and has made him aware of the scope an specifications of work to be done and the schedule of rates, etc.

22 The contractor will have to make his own arrangement for water required for the work; scaffolding materials, conveying of materials and approach road to quarries. No extra amount will be paid for any of the above items.

23 Reserve and earnest money deposits will be repaid only at the time of settlement of the final bill and due fulfilment of contract.

24 The tenders received after the due date and time will be rejected.

25 Non-absorptive form work as per approved details should be used for all important R.C.C. works and location of put log ho'es should be only at approved points in walls and other portions.

26 The successful tenderer should furnish the Registration Certificate for having registered himself in the Public Works Department Water Supply and Sanitary Division in the jurisdiction under class III for above.

27 Proper arrangements for barricading, lighting and arranging for watchman along the pipe line wherever necessary, and specially at the main road crossings for public convenience and safety of traffic should be provided by the tenderer at his own cost, failing which the contractor will be held responsible for any accident due to negligence on his part and cost of arrangements made by the department in this behalf will be recovered from the contractor's bill.

28 All appliances such as pulley blocks, tripods, winches guy ropes, caulking tool, etc., required for the work should be provided for by the contractors themselves.

29 The contractor will be responsible for any damages caused to electrical of telephone cables, conduits and pipes, etc., met with during execution.

Ex. Engr.

401—3 1—50

OFFICE OF THE EXECUTIVE ENGINEER, KABINI RESERVOIR DIVISION, BIRWAL *VIA* MYSORE.

Notification dated 20th January 1959.

Sealed tenders in duplicate duly signed by the contractors will be received in the Office of the Executive Engineer, Kabini Reservoir Division, Birwal, *up to 4 p.m. on 17th June 1959*, for supply of an approximate quantity of 5,200 tons of *combustable* quality *fuel for lime kankar* burning at the lime kiln site, subject to the following conditions.

2 The person who quote should be in a position to supply a minimum of 200 tons per month, those who cannot supply the minimum need not quote.

3 Fuel should be got with the license of the Forest Department after needful deposits etc., as per Forest Department Rules. Fuel should be got only from the water spread of the Chikkahole Reservoir unless it is certified to be not available therein by the Forest Department.

4 Fuel should be of good quality of not less than 4" and not more than 8" diameter and should be cut to standards billets of 4' and stacked in standard lots on levelled and approved site.

5 The tenders should be superscribed as "Tenders for the supply of fuel for lime burning *for the use of Chikkahole Dam.*

6 Tender should be accompained by a treasury challan for Rs. 500 as earnest money under "Revenue Deposits" in favour of Executive Engineer, Kabini Reservoir Division, Birwal.

No cheques will be accepted towards earnest money and request for the adjustment of the amounts due from Government if any, towards earnest money will not be entertained but accepted securities can be pledged in favour of Executive Engineer.

8 The tender will have to be in the prescribed form which can be had on payment of Rupee 1·00 per form at the Office of the Executive Engineer, Kabini Reservoir Division, Birwal, and also at the Office of the Assistant Engineer, Chikkahole Reservoir Sub-Division, Chamarajanagar Taluk, between 2 P.M. and 4 P.M. on all working days, excepting on the day of tender.

9 The tender should contain the rates both in words and figures per ton of fuel supplied, which will be measured at the rate of 1 ton per 75 C.ft. on stack measurement.

10 The tenders will be opened by the Executive Engineer, or by any other Officer authorised by him on the last date or any other date notified on the notice board of the Office of the Executive Engineer in the presence of such of those present who have offered tenders.

11 The final acceptance of the tenders received will rest with the competent authority and the department is not bound to accept the lowest tenders or to assign any reason whatsoever for the rejections of any tenders.

12 The person or persons, to whom the work is allotted shall execute a *muchalika* in the prescribed form

in a stamped paper of the value of Rs. 1·50 within one week from the date of intimation of allotment. Failure to comply with the above conditions is liable to result in the cancellation of the allotment and forfeiture of earnest money.

13 Failure to supply the fuel within one fortnight time after the work order is issued will result in the cancellation of allotment and forfeiture of earnest money.

14 The supplier and his men should bind temselves for good behaviour towards the departmental staff and then should offer all facilities for supervision, verification, and check over the size quality, etc., at any stage by the departmental staff.

15 The Executive Engineer reserves the right of distributing the works, if necessary, among other supplies at the accepted rates, subject to the supply of minimum quantity of 200 tons per month by each supplier.

16 The allotment of any site to any supplier does not confer any right on him to continue in the same place or to make any claims towards the cost of arrangements by himself such as forming an approach road, etc., to the site.

17 Allotment made to particular persons should not be sublet.

18 The supplier should make his own arrangements for transportation of fuel.

19 The tender should not be conditional. Any conditional tenders are liable to be rejected. There should be no overwriting in the prescribed form and all corrections must be attested to the event of any doubtful writing the interpretation of the Executive Engineer's Office will be final.

20 The rates quoted shall hold good till the completion of the work in spite of fluctuations in rates and other living conditions, etc.

21 The contractor shall abide by the Workmen's Compensation Act in force.

22 The contractor shall furnish his full address for necessary correspondence. He must appoint an authorised agent at site during delivery of materials, so that instructions may be given from time to time when necessary.

23 The contractor should furnish income-tax and sales-tax clearance certificates with the tender as per rules.

24 It is the responsibility of the supplier to remove the rejected materials within the time indicated by the Executive Engineer, failing which it will be removed at the cost of the contractor. The department will not be responsible for the rejected materials in any case.

25 The rates quoted shall be inclusive of all charges involved including cutting, loading, conveying, unloading and stacking at kiln site shown by the department.

26 The earnest money deposit of the persons who are not allotted work, will be ordered for refund to them after the disposal of contract.

27 A fine of Rs. 200 will be levied on the supplier, for every month of short progress at the discretion of the Executive Engineer.

28 In all matters of disputes regarding quality, measurements, etc., the decision of the Executive Engineer shall be legally binding.

Ex. Engr.

419

OFFICE OF THE EXECUTIVE ENGINEER, AMBLIGOLA RESERVOIR DIVISION, AMBLIGOLA P.O., SHIKARIPUR TALUK, *VIA* SHIMOGA.

Tender Notification dated 9th May 1959.

Tender notification for construction of Waste Weir of Ambligola Reservoir.

Sealed tenders in duplicate duly signed by the contractors will be received by the Executive Engineer, Ambligola Reservoir Division, Shikaripur Taluk, Shimoga District, Mysore State up to 4 P.M. on 15th June 1959 for the following works. Tenders will be opened on the same day by the Executive Engineer, in presence of such of the tenderers or their representatives as may choose to attend.

Sl. No	Name of work	Estimated Rs.	Earnest money Rs.	Period of completion of each work from the date of issue of work order.	Minimum monthly progress to be secured under each work Rs.
	Part 'B'.				
1	Construction of Masonry side walls and allied works.	2,65,090	5,000	14 working months ending 31st March 1961.	20,000
	Part 'C'.				
2	Construction of control structure, R.C.C. apron and allied works.	5,69,000	5,000	do	40,000

1 Only registered Class I and Class II contractors in the Mysore P.W.D. are entitled to submit tenders. The name of the work for which the tender is given should be clearly superscribed on the cover.

2 Tenderers may quote for one work or both the works according to their capacity for work and in any case separate tenders for each work should be submitted.

3 The Contractors should be capable of securing the minimum monthly progress as specified in column 6. Certificate, if any, of works of large magnitude executed, should accompany the tenders.

4 The Contractor should make his own arrangements for transportation of materials from quarries, etc., to work spot and for all other necessary items of works required for completion of the work. The Schedule of items and quantities, terms of tenders may be obtained from the Office on payment of Rs. 10 per set of tenders forms of such work. The tender should be submitted only in the prescribed forms to be obtained as above.

5 Each tender must be accompanied by Treasury chellan for having deposited the required amount as noted above, under 'Revenue Deposit'. No cheque will be accepted. However, Classes I and II registered contractors will be exempted from this requirement if they have deposited a sum of Rs. 50,000 and Rs. 20,000 respectivsly with the Registring authority.

6 The final acceptance of the tender will rest with the competent authority who does not bind himself to accept the lower or the lowest or any tender or to assign any reason whatsoever, for the rejection, if any.

7 Specific rates should be quoted both in figures and in words for each individual item of work. Tenders offering rates on percentage basis will be rejected.

8 For other items of work, only minimum schedule of rates or data *plus* 10 per cent will be given if the items do not appear in the schedule of rates.

9 All overwriting and corrections while submitting the tender should be attested by the tenderer.

10 Quantity given in the estimates are approximate and drawings and sections of structures are tentative and are liable to alterations, omissions, deductions or additions, at the discretion of the Executive Engineer.

11 The contract should not be sublet.

12 The contractor is responsible for all accidents to the workmen, etc., on works and must take precautions against all risks of accidents if necessary and provide for the same by insurance at the proper time, and abide by the Workmen's Compensation Act in force.

13 No conditional cl use will be accepted.

14 If the monthly rate of progress falls short of minimum or if the works is not given to Department in full form within stipulated period, the Executive Engineer will have the right to forfeit the earnest money and any loss to Government by way of entrusting the works to some other contractor will also be recovered.

15 The successful tenderer will remit within 7 days from the date of receipt of intimation of acceptance of his tender a security deposit of 5 per cent over estimated cost of works in cash or any acceptable securities and execute the contract agreement, failing which the earnest money deposited shall stand forfeited to Government.

16 In the case of those who deposited the money in cash or as security the earnest money paid at the time of tendering will be convertible into security deposit after the payment of balance amount, either cash or securities. The earnest money of the rejected tenderer will be refunded on application only after any tender is received approved or two months after the receipt of tenders if the tender of the successful contractor has not been received approved.

17 The tenderer shall also submit along with his tender a list of works on hand, date of commencement and agreed date of completion. A list of tools and plant and equipment available for immediate use on works may also be submitted.

18 Cement and steel required will be supplied by Divisional Stores at prevailing market rates on cash payment only.

19 The contractors should furnish their full address for further correspondence.

20 All works are to be executed in accordance with departmental specification and to the satisfaction of the Executive Engineer, Ambligola Reservoir Division.

21 The rates quoted should be deemed to be inclusive of all taxes, *viz.*, Sales-tax, Income-tax, payable to the Government.

22 The rates quoted shall hold good till the completion of the work irrespective of fluctuation in the market and inclusive of royalties.

23 Bailing out water during execution has to be done by the Contractor himself at his own cost.

24 In all matters of disputes of any kind not specifically provided in the agreement or of rates, penalties, measurement, quantity of work, etc., the decision of the Chief Engineer shall be final and legally binding.

25 Tenders not complying with any of the above requirements are liable for rejection at the discretion of accepting authority.

26 Other particulars can be had at the Office during working hours on all working days.

S. HYDER ALI,
Ex. Engr.

428—I-3 s.c. 30

OFFICE OF THE SUPERINTENDING ENGINEER, SHARAVATHI VALLEY HYDRO-ELECTRIC PROJECT, TALAKALALE CIRCLE, KARGAL, (SHIMOGA DISTRICT).

Notification dated 17th May 1959.

Sealed tenders from the intending licensed Contractors in duplicate duly filled in will be received in the Office of the Superintending Engineer, Talakalale Circle, Kargal, (Shimoga District) up to 4 P.M. on 6th June 1959 for the below noted work :—

Sl. No.	Name of work	Estimated Cost.	Earnest money deposit.
1	Installing electric lights to the newly constructed quarters at Kargal Colony, Shimoga District.	Rs. 18,260	Rs. 913

N.B. :—Date of completion.—To be completed within one month from the date of communication of acceptance of his tender.

CONDITIONS.

1 The Contractor should quote for each individual item of work both in words and figures and the rates so quoted should hold good till the completion of the work.

2 If there seems to be any difference in rate between the original and duplicate tender, the lowest of the two, for the items will be taken into consideration.

3 The estimate and other particulars regarding the work can be had at the office of the undersigned between 3 P.M. and 5 P.M. on all working days.

4 Tenders should be given in duplicate in the printed tender forms which are available at the office of the undersigned at Re. 1 per set and should invariably accompany with treasury challan of having credited the earnest money deposit of Rs. 913 under Revenue Deposits.

5 The successful tenderer shall bind himself to abide by the Departmental rules in force and shall execute the necessary *Mutchalika* within 7 days from the date of intimation of acceptance failing which his earnest money will be forfeited.

6 The final acceptance of the tender will rest with competent authority.

7. The rates quoted shall be deemed to be inclusive of all taxes, *viz.*, Sales-tax, Income-tax and Octroi, etc.

8 The contract shall not be sublet.

9 No conditional clauses in the tender will be accepted.

10 No enhancement of rates for whatever cause will be allowed when once the tender is accepted. Failure to execute the work within the stipulated period will entail the cancellation of the tender and forfeiture of earnest money deposit and the work will be got done by other agency and the extra cost involved on this will be recovered from him from his pending claims.

11 The Department does not bind to accept the lowest or any other tender or to assign any reasons whatsoever or the rejection if any.

12 Sales-tax and income-tax clearance certificate should accompany the tender without which they are liable to be rejected.

13 No cheques will be accepted as earnest money deposit.

14 The quantities provided in the schedule are only approximate and are subject to alterations as per orders of the Executive Engineer or any other competent authority.

15 The Contractor has to pay compensation to the workmen under him for any injury caused during the execution of the work as per labour rules in force, failing which the amount will be deducted out of the claims due from the Department to the Contractor and paid to the injured.

16 All the materials required for the work must be procured by the Contractor.

17 The work should be completed within one month from the date of intimation of acceptance of his tender.
